### **MISCARRIAGE MANAGEMENT**

We are really happy to say that effective **IMMEDIATELY** we are now able to accommodate those patients who have a confirmed miscarriage.

The options we can provide are medical or surgical management. Our nurse educator and physician will discuss with them what would work best. Surgical management is **Wednesdays at VGH**.

Thanks so much for your work up and referrals. Please continue to do the Rh and HCG blood work at VGH as needed, and send us ultrasound results. We have attached the Referral Sheet for you.

#### **STEPS TO SUCCESS:**

1. Please call our private line **250 480 7377** **BEFORE** you tell your patients what might happen. Our 4 MOAs are very skilled at booking, and there is always one of our 5 physicians here if needed
2. We will let you know right away if and when we can accommodate the patient.
3. Send us the attached Referral Form and we will contact your patient to book an appointment.
4. If your patient is not stable, or actively bleeding heavily, refer to ER at VGH to be seen by gyne-on-call

Kind regards
